

CAMP MYSTIC  
MYSTIC, CONN.

Monday Aug. 15, 1927

Dear Mother;

My, how glad I was to see you all. I was so happy while you were here. It won't be long before you'll be coming down to take me home. Please persuade Lucy to stay till I get home, as I like her and want to see more of her.

To-day I tried some diving, just plain diving. I can't do it very well, but I'll keep trying.

To-morrow evening there is going to be a movie in Mystic called "Chang." Mrs. Akeley is going to let the camp go in groups if it wants to. This morning she told us about it, and said it was a good movie to see. It's about animals.

Our tent, and the next tent are going to-  
gether, Mrs. Whelpley and Miss Baron, chaperoning.  
You have to pay your own way. It will  
be all right for me to go, I'm sure.

Wednesday morning early, the seniors  
Bo and Jeanne are going to the island for  
the night, getting back in time to go to  
bed on Thursday. To night we are going  
for a ride in the "Northern Light."

Last night it rained from suppertime, into  
to the night. While we were going to bed  
it just poured. It is nice to-day.

Tell me the news at home, that I'd  
be interested in. How's Barbara Watson?  
How long did she stay at the hospital, and  
did she have a bad case? Tell me all  
I'd be interested in.

With best love,

Julia
