Tuesday

Dear Mother;

I guess you were as surprised as any of us to see or rather hear from Uncle Jack. As you perhaps know he called on Friday and arrived on Saturday. I met him and was with him Sunday and Monday. On Tuesday he stayed around Brooklyn and on Wednesday he left with his car for the South, presumably Fayetteville, S.C. He was in pretty good spirits and seemed in good health. His future plans are unknown but I don't think he will bring the boat up here this summer.

On Sunday we went to Northport and spent some time on Robbies boat. He was invited to stay during the week but would have to hunt around during the week-end because of Robbies son and daughter-in-law. So I guess he decided it was too crowded around these parts with all the babies etc. so he left.

I suppose you are getting ready for your trip. I hope the weather is nice although we could use a little rain. We are planning to come up Friday after-noon. I hope to get started early but may not get away until about four. Please don't bother to have any special meal as I don't want to bother you nor do we know exactly when we will arrive. Thanks for getting the crib. Everything else we will have with us. I don't know whether or not Julia will come up with us. She may have to work later than when we start. The next day we are going up to Juds so you won't have us under-foot very much. Susan is growing every day and crawls and mumbles all the time. She hasn't walked or talked yet but we expect to be surprised any day. Maybe you will see her first step.

The weather has been very hot down here. There is usually a little breeze out in Levittown and generally it is cooler there than most any where else. Bob Mc Lane and his wife spent last Saturday with us. He is working in Jersey and she is living in Hanover. He will leave in two weeks for Pittsburgh and then they will set up their own home. We had a nice time although it was very warm and so crowded we didn't care to go to the beach.

Thanks for your letter and I am looking forward to seeing you on Friday.

Love,

Red
