MYSTIC, CONN.

Dear Mother.

I got the letter you wrote yesterday, this morning, as I hadn't had any in three days. I enjoyed Lucy's letter, and am so anxious to see her. I'm going to be in the dancing recital on the 13th and I'd love to have you all come down and see it. Sorry you can't see the Mosque to-morrow night, as I think it is going to be nice.

Mr. De is teaching me the side stroke, and I can float. I am a red cap swimmer and hope to pass my white cap test soon.

I like Mrs Akeley very much and to-
night she is going to show us some
slides of her African explorations.

Day before yesterday, Mrs. Merrill came
up from New York, to stay a while. She
is very pleasant and went to the Island
with us yesterday. We went in swimming
and had our supper there.

Mrs. Akeley's secretary, for her African affairs,
is here also, with her two year old daughter,
who is very cunning. Mrs. Joke is here, too.

a ♡ full of love
Julia.
