MYSTIC, CONN.

Thursday, Aug. 14, 1928

Dear Mother;

I got your letter yesterday, and am answering it now. I don't know what finals I'm going to be in, but I'll let you know as soon as I know.

I can hardly wait 'till Saturday, and I think that will be the time to come, until you take me home. There ^{the regular} have been a great many rehearsals for it, so I guess it will be nice. I'm so glad you're all coming down.

This morning I passed my white cap test, which is swimming around the float once, and floating two minutes. I hope to pass my canoe test, soon.

I'm expecting you sometime after dinner
on Saturday, and can hardly wait for the time
to read.

Heaps of love
Julia.
