

Manoeuvres

Wednesday

CAMP HULEN
TEXAS

Dear Mother -

Things have been so hectic around here for the past few days, I haven't had a chance to write. We are packing our things, getting ready for manoeuvres. However on top of getting my own things in order, I have to work hard and long in the supply room. Things are further complicated by the fact that we are in a period of rainy weather, with sudden down pours all but stopping all work every now and then.

We are leaving tomorrow morning for Louisiana. How long we are to stay hasn't been announced. Some say three weeks other say seven. We are planning on seven - carrying enough equipment etc. I'm not looking forward too much, although it might be very interesting - probably pretty tough though.

We will sleep in small pup tents or just on the ground. We have nets for bugs and I just bought a bottle of stuff so I hope it ~~won't~~ won't be eaten alive by mosquitoes.

I'm writing this letter before breakfast and balancing the paper on my knee. I have to go to work right after breakfast and probably

won't stop until late tonight. At least I didn't last night.

I don't know how much time or apparently I will have to write for the next few weeks. We live out of packs and everything might get wet, or what not. I'll try to send a card or two, if we ever stop in a town on the way. My address (always the one-sided letter writing arrangement) will be -

H. J. B -

211 CA(44) - Battery A.

A.P.O. # 304

Ragley, Louisiana

We'll have mail every now and then I guess, although we may be on the move most of the time.

Well news is about to blow so I must stop. Thanks for the magazine. It will be nice to read along the way.

Love to all

Jack

P.S. I've the enclosed or use it - as you will.
